Supporters	1. My mom, I know her because she birthed me, and she can help me by offering me emotional support and encouragement 2. Mr. Yeager, I know him because he is my drama teacher, and he can help with teaching me more about the directing side of things because he knows people. The American Society of Cinematographers This organization has members around the world who wish to innovate the film world. They host free events for emerging filmmakers and industry professionals. There are Q&A seminars, a community to share knowledge, and discounts on tech equipment. Women in Film (WIF) This organization is for women who wish to work in the film industry. They offer mentoring programs and mentoring circles, it is provided as a safe space in guiding the next generation of women in the film industry. They have workshops you can pay for to gain knowledge

	about finances from film industry professionals.
Action Steps	1. Have A's in all of my classes, being extra attentive in my electives 2. Researching the Director and Producer job requirements and taking them into account 3. Getting into College with a major in film
Career Backup Plan	Writers and Authors, I enjoy making stories, and I am currently in AP Language this year and plan to take college-bound English next year.
